# Recruitment, Evaluation & Tracking

## Goals:

- Learn about CISE Evaluation Toolkit: Common Application, A la Carte Survey, Alumni Tracker
- Learn about Successful Recruiting methods
- Consider measurement approaches
- Learn about the resources available through the CISE REU PI Guide website

# CISE REU Evaluation Toolkit

114+ REU sites served since 2010

## Purpose

1. Educate and support CISE REU PIs in site evaluation
2. Inform CISE community of aggregate outcomes

## Tools

- Common Application
- Shared Applicant Pool
- A la Carte Survey
- Alumni Tracking Tool

<https://reu.uncc.edu/cise-reu-toolkit>

# Recruiting Discussion

# Recruiting Discussion

- What can be done to increase the number of applicants?
  - The average is 128 applicants in 2017
  - The largest number of applicants is 266 in 2017
- What can be done to increase the percentage of female and under-represented applicants?
  - Women applicants represent 27% of all applications
  - Under-represented applicants represent 26% of all applications

# A la Carte Survey Constructs

## A la Carte Survey

- Piloted 2010
- Deployed annually
- 38 CISE REU Sites participated 2017

CONSTRUCT	ORIGIN
SELF-EFFICACY	Bandura (1997); LAESE (AWE Assessment Project)
GRAD SCHOOL	Ajzen's (2001) theory of planned behavior
ATTITUDES	Hoegh & Moskal (2009)
HELP-SEEKING	Struthers, Perry & Menec (2000)
GRIT	Duckworth & Quinn (2009)
RESEARCH SKILLS	Survey of Undergraduate Research Experiences (Lopatto)
SCIENTIFIC LEADERSHIP	Chemers, et al. (2011)
SCIENTIFIC IDENTITY	Chemers, et al. (2011)
MENTORING (POST)	Berk, et al. (2005)
SATISFACTION (POST)	Working Group
5 POINT LIKERT SCALE ITEMS	

# Sample Survey Items

CONSTRUCT	SAMPLE ITEM
FIRST ITEM	Please indicate the specific field applicable to your research project:
SELF-EFFICACY	I can understand research literature
GRAD SCHOOL	For me, to apply to graduate school is (extremely good/extremely bad)
ATTITUDES	I like to use [x] to solve problems
HELP-SEEKING	When I do poorly on an exam....
GRIT	I am diligent
RESEARCH SKILLS	Formulate a research hypothesis
SCIENTIFIC LEADERSHIP	I know how to be a good team member
SCIENTIFIC IDENTITY	I feel like I belong in science
MENTORING (POST)	My mentor was approachable
SATISFACTION (POST)	How satisfied were you with your research experience

# Methodology

## Design

- Quasi-experimental: repeated measures

## Procedure

- Email invitations to students
  - From PI during first week
  - From Rorrer during last week
- Consent obtained from PIs and Students

# A la Carte Participants

**2017**

38 sites used survey (52 total)

*73% site participation*

- Pre Survey n= 297
- Post Survey n= 249
- 234 matched pairs

Estimated response rate: 66%

# Overall Results 2017

Statistically significant differences were observed:

**Self Efficacy**

**Research**

**Leadership**

**Identity**

**Graduate School**

**Attitudes**

Construct	Pre-Survey	Post-Survey	P
<b>Self-efficacy</b>	3.71 (.62)	<b>*4.08 (.93)</b>	0.000
Graduate School	3.84 (.77)	3.67 (1.04)	0.09
<b>Attitudes</b>	4.36 (.51)	<b>*4.06 (.97)</b>	0.001
Help-Seeking/ Coping	4.37 (.62)	4.29 (.97)	0.39
Grit	3.38 (.34)	3.31(.74)	0.72
<b>Research Skills</b>	3.20 (.64)	<b>*3.82 (.96)</b>	0.000
<b>Scientific Leadership</b>	4.09(.73)	<b>*4.15(1.07)</b>	0.000
<b>Scientific Identity</b>	3.37(1.03)	<b>*3.47 (1.28)</b>	0.006
Mentoring	NA	4.44	NA
Satisfaction	NA	3.34	NA

Wilcoxon test

# Measurements Discussion

# Measurements Discussion

- What measurement categories are of interest?
  - Should additional 'modules' be considered?
  - Would anyone want to test new constructs?

# Measurements Discussion

- What compels students to pursue graduate school?
- Should any graduate school (e.g. MS, PhD) or professional school (e.g. MBA, JD, MD) count?

# Alumni Tracker

## Working Group Advisors

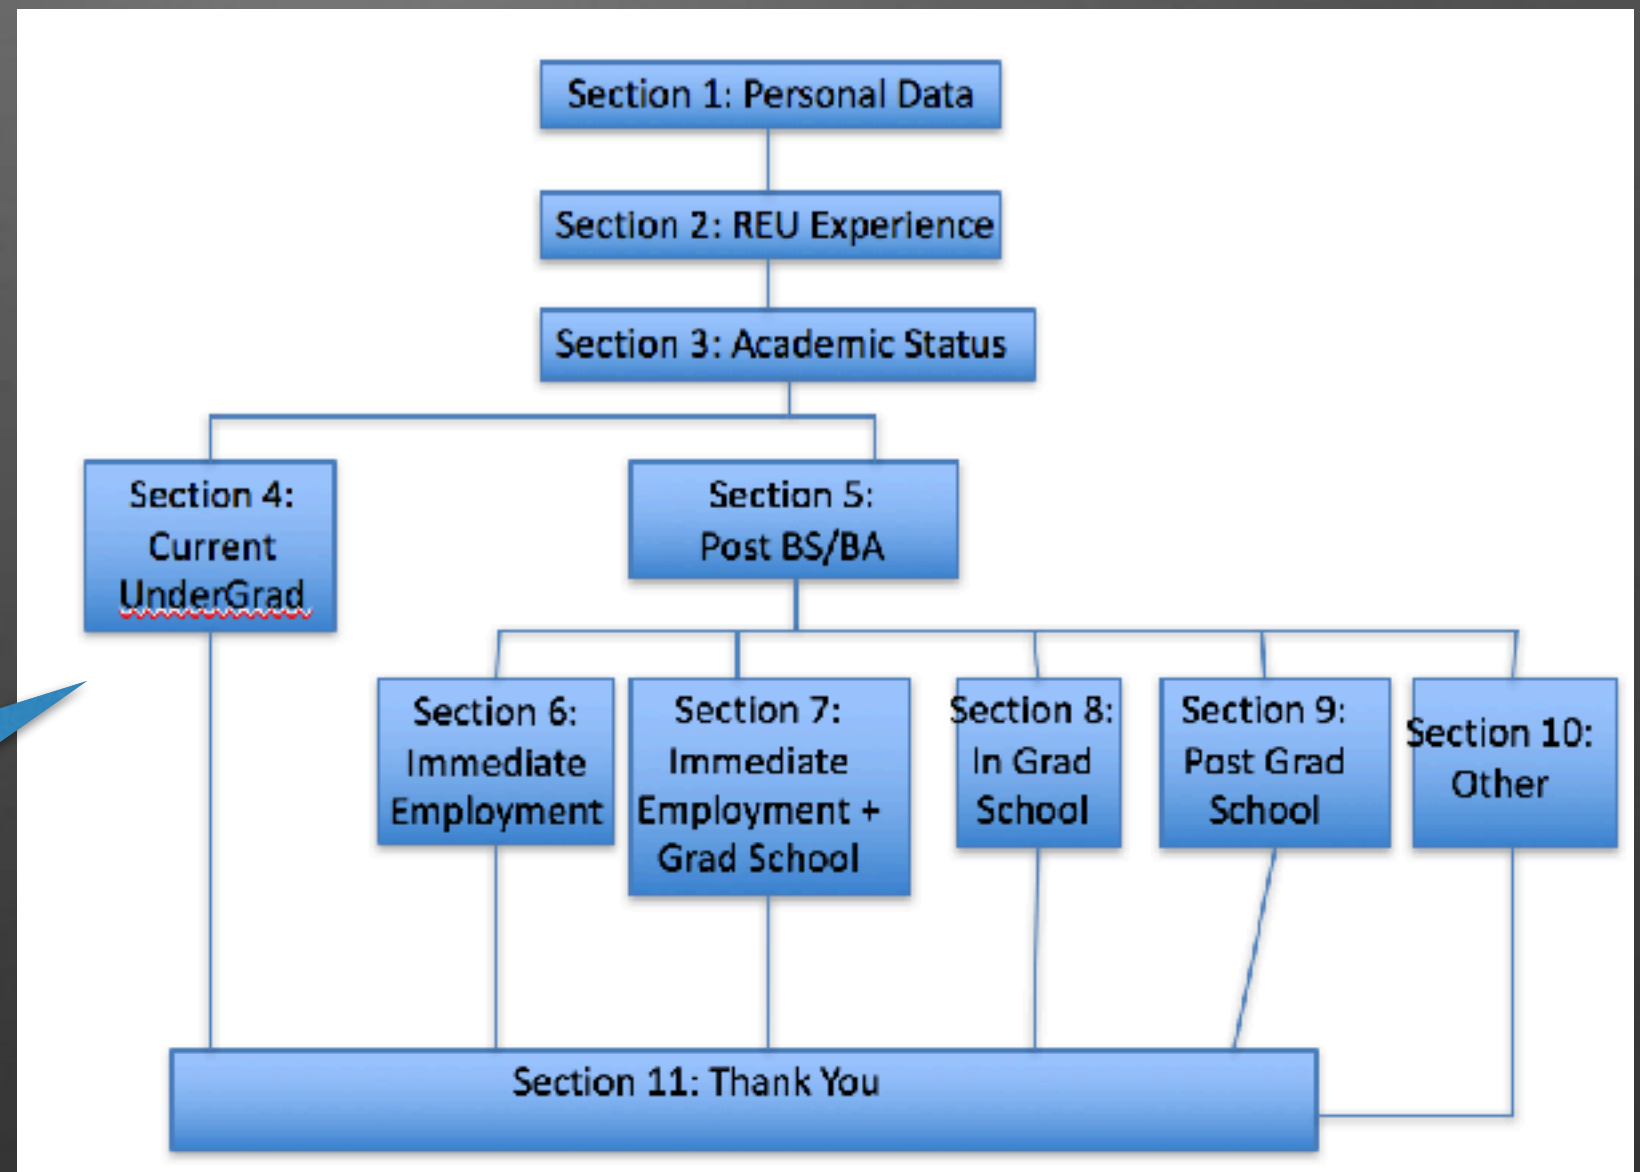

- Tiffany Barnes, North Carolina State
- Claire Dugan, Northeastern
- Huirong Fu, Oakland
- Lazaros Gallos, Rutgers
- Stephen Gilbert, Iowa State
- Jamie Payton, Temple
- Tiffany Reardon, Berkeley
- Bonnie Swan, Univ. Central Florida

# **Alumni Tracking Discussion**

# Alumni Tracking Discussion

- How to assess impact of REU program?
  - How helpful was the REU program been in choosing your career path?
  - “It convinced me that graduate school was the option for me”
  - “It showed me what the research was about and increased my passion for pursuing a career in research”
  - “This experience was like no other in the way it exposed me to life in academia. The resources it provided and the events planned were invaluable in my understanding of life and a career in research.”

## CISE REU PI Resources

We hope this website serves as a guide to orient and direct any new or ongoing professionals involved in running an REU site. The primary objective is to smooth the process of running an REU site, especially new REU site PIs, by providing information about the different components or running an effective site. Each available topic contains helpful tips, advice, and resources.

**START BY READING ABOUT THE REU CALENDAR**

## REU CALENDAR

REUs vary according to the research and the site structure, but a sample timeline of running an REU site is below. We have highlighted some important aspects that can affect the success of an REU site, followed by a quick yearly to-do sample list.

### *A detailed sample yearly to-do list:*

## JANUARY

- Set up your website with program dates and application procedure

# CISE REU PI Guide Website

<https://www.vrac.iastate.edu/cise-reu-pi-resources/>

The screenshot shows the Iowa State University website header with the title "CISE New REU PI Resources" and a search bar. Below the header is a navigation menu with links: HOME, CALENDAR, RECRUITMENT, LOGISTICS, RESEARCH & MENTORING, PROFESSIONALISM & DISSEMINATION, YOUR REU SITE, HELPFUL LINKS, and ABOUT. The main content area features the heading "CISE REU PI Resources" and a paragraph stating the website's purpose: "We hope this website serves as a resource for new REU PI sites, especially new REU site PIs, by providing information about the different components of running an effective site. Each available topic contains helpful information." A large red semi-transparent box is overlaid on the page, containing the title "Design Process" and a bulleted list of project details. At the bottom of the screenshot, a red banner displays the overall results of the project.

## CISE REU PI Resources

We hope this website serves as a resource for new REU PI sites, especially new REU site PIs, by providing information about the different components of running an effective site. Each available topic contains helpful information.

### Design Process

- Inspired by CISE REU PI Wiki and [cisereu.org](http://cisereu.org)
- Requirements gathering
  - 2017 New REU PI Meeting
  - REU PI Interviews
- Iterative design
  - Contacted 237 PIs for feedback
  - 22 responses

Results positive overall: 78% of Likert ratings "somewhat agree" or "strongly agree."
